

By Erick Hovey

I hear you talk, I see you walk
You got still water runnin deep
I hear you laugh, I hear you cry
I hear your sowin what you reap

What's that between your head and your heart
Just tell me if your so smart

CHORUS:

I wanna know who you are
Do you know who you are
Wanna know who you are
I wanna know

You look so fine, You act so sweet
Got somethin up your sleeve
I hold your hand, I hold your heart
And you aint eatin where you sleep

What's that between your head and your heart
Just tell me if your so smart

CHORUS:

I hear your thoughts, Don't read my mind
Hear that song between the lines
Can't you forget, Just let it sit
Rinse your soul with turpentine

What's that between your head and your heart
Just tell me if your so smart

CHORUS:
