

MISSING PART 2:44

By Erick Hovey

You're my missing part  
A piece of my heart  
I want it back so just unpack  
You've got a missing part of me

Where you been, your timing sucks  
I've thrown myself at moving trucks  
And now, you come along all free  
I see your the missing part of me

BRIDGE:

Can't say I'm crazy  
You know it's true  
That empty part of you thats blue

Your the missing part  
I've been looking for  
That puzzling piece, makes me complete  
Your the missing part of me
