

FATALISTIC BLUES 2:14

By Erick Hovey

Doctor said now you slow down  
Your ways are gonna put you in the ground  
But I don't care, do it if you love it  
Moderation and a whole lot of it

CHORUS:

Hey doctor, (doctor doctor), hey doctor, ( doctor doctor)  
I'm gonna live for the moment, till I have to go

Oh don't eat this now don't eat that  
Don't drink so much now loose that fat

CHORUS:

I'm gonna filter my air through a cigarette  
Trade my water for a barrel of Jack  
Eat what I want sleep when I can  
Die an early death like a natural man

CHORUS:

Can ya drink the water, can ya breath the air  
I don't know, and I don't care

CHORUS:

I say hey doctor, doctor doctor, hey doctor, doctor doctor  
Hey doctor, doctor doctor, hey doctor, doctor doctor  
Gonna live for the moment, till I have to go  
Gonna live for the moment, till I have to go  
I'm gonna live for the moment, till I have to go
