

**LOVE ME BABY 2:44**

By Erick Hovey

Lets spend the night together  
With the moon and stars above  
Wont you love me baby, all through the night  
Everything's gonna be alright

**CHORUS:**

Love me baby, love me the way you do  
Love me baby, love me through and through  
And when you love me all night  
Tomorrow comes too soon

Let me love you baby  
With the moon and stars above  
Wont you love me baby, all night long  
Lovin you just cant be wrong

**CHORUS:**
