

HAZY 3:21

By Erick Hovey

Looking out through tired glass
Looking in to see the past
The pain is thicker down below
Let it flow

Yesterday had we connected
As we might have been before
Were there common dreams flyin
In our souls

CHORUS:

Oh it's hazy
It's all kind of hazy (2times)
In my mind

I don't try to change today
While obsessions will endure
Tomorrows spiral finds us landing
Time by time....thats fine

CHORUS:
