

**THOUSAND TIMES** 4:05  
By Erick Hovey

If I had a time machine  
I'll tell you what I'd do  
I'd comb through the centuries  
Looking for you

One pair of souls, in a spirals climb  
We meet again, a tryst in time  
The circle has no end  
My infinite friend

**CHORUS:**

And I'd find you, there in time  
And I'd find you, a hundred times  
And I'd find you, a thousand times  
And a thousand times  
We'd meet as lovers do

Somewhere before, in a pulse of time  
We meet again, and the sun will shine  
Flowers bloom and flowers die  
Then we cry

Time flows on it passes by  
I'm goin where a soul can fly  
I'm goin where yours has been  
To take a ride, And take a ride

**CHORUS: (repeat)**
