

**WHEN WILL I SEE YOU AGAIN 4:41**

By Erick Hovey

Where in a circle, can you find the end  
You go around once, you go around again  
Where in the world can you find a friend  
You look around once, you look around again

**CHORUS:**

When will I see you again, I wanna See you again  
I could pray, all day, that I might see you when it ends

Sometime before, can't remember where  
Still feel that, last long stare  
Somewhere before, copies of ourselves  
Dancin circles and, ringin bells

**CHORUS:**

Give me three wishes, I'll tell you what I'd do  
I'd give you one, I'd give you two  
Then I sit back, wait and see  
See what happens for, you and me

**CHORUS:**

Drop in the pocket, fall down the stairs  
Both of them real easy, just throw away your cares  
Tear down the senses, free up the brain  
Ride in the pocket, let your soul proclaim

**CHORUS:**

Alternate future, parallel life  
Somewhere we die, somewhere survive  
But all I know, is today  
If your still here, then I'll still pray

**CHORUS**
