

ABCs 2:01

By Erick Hovey

I saw an eagle working today
I coupled with the sun and rain
I heard the tall grass sing in the night
Preserved by a brighter light

CHORUS:

What do you think is real?
Do you know your ABCs?
Tell me what you think, what you think you see (2 times)

This desert was a shallow sea
Don't steal my energy
Land on fire, under ice
You think its pretty, you think its nice

CHORUS:

I saw an eagle working today
I coupled with the sun and rain
I heard the tall grass sing in the night
Preserved by a brighter light

CHORUS:
